Thank You, Dale Finkelson!

- On 1 November 2020, Dale retired from Internet2
- After a long period of massive contributions to:
 - R&E Networking in general, and
 - the GREN and GNA-G in particular
- The Leadership Team wishes him all the best!
- He is already missed...

Some History

- GNA-G was formed from GNA and GLIF on 1 July 2019
- Initial Leadership Team formed:
 - GNA co-chairs Dale Finkelson (Internet2) and Erik-Jan Bos (NORDUnet)
 - GLIF co-chair David Wilde (AARNet)
- During TNC19 in Tallinn, Estonia:
 - Decision to call for more volunteers
- Call for volunteers led to enlargement of Leadership Team; added:
 - Buseung Cho (KISTI)
 - Gerben van Malenstein (SURF)
 - Harvey Newman (Caltech)

New situation

- Dale retired from Internet2 per 1 November 2020
- Leadership Team now has vacancy

- Proposal:
 - Replace Dale
 - Keep Leadership Team at six persons

Joining the Leadership Team

- Requirements:
 - Knowledge of the R&E (Networking) community
 - Organizational skills
 - Team player
 - Supported by your boss
- Beware of:
 - Time consumption
 - Intercontinental travel (once we are able to, again...)
 - A VC at weird hours (yes, occasionally also at night)
- We are looking for one or more persons that fit this description

Proposed Proces

- If one candidate steps forward:
 - We work with this person to check requirements, and add him/her if matched
- If more than one candidate steps forward:
 - We work with each person to check requirements
 - We propose to ask the community for guidance (voting?)
